Neighborhood Legal Services Association

The Allegheny County Bar Foundation's mission is to be a driving force in promoting justice for all and improving the community through public service law-related programs. The foundation's Pro Bono Center actively strives to increase free legal services to persons of limited means in Allegheny County by working directly with over 33 community legal service providers, pro bono programs and projects which screen and place indigent clients with volunteer attorneys. The Pro Bono Center is responsible for developing new initiatives, as well as recruiting and training volunteer attorneys. Its mission is to provide well-trained attorney volunteers to help meet the legal needs of the low-income residents in the community.

Neighborhood Legal Services Association (NLSA), established in 1966 in Allegheny County, provides civil legal assistance to the poor. NLSA's mission is to meet the civil legal needs of the poor and vulnerable in the community through effective legal representation and education. Each year, NLSA's dedicated group of staff and pro bono attorneys serves more than 10,000 individuals and families who request protection from abuse, unjust foreclosure, loss of housing, employment, essential benefits or other basic human needs. Committed to providing equal access to justice for all individuals, NLSA maintains innovative approaches in service delivery to bridge the gap between those who need legal services and those who obtain them.
