# WILLS FOR WOMEN CLINIC

Many women are the backbones of their communities and families. It's important that they plan for the future by having a will and healthcare power of attorney. This program offers women with low incomes **free** will preparation services from volunteer attorneys.

**Friday, May 3 - 9:00am to 1:00pm**

**Koppers Building, 436 Seventh Avenue, Pittsburgh, PA 15219**

This clinic is by appointment only. You must schedule an appointment to attend.

If you are a woman whose income is low and would like to have a will and/or healthcare power of attorney drafted **free of charge**, please complete the process below:

1. Fill out this online **registration form** or **scan the QR code below**. To schedule an appointment by phone, call Patricia Jones at 412-402-6628. **Registration closes April 26. Appointments fill up fast, so be sure to book in advance.**
2. After you make your appointment, we will email you a questionnaire to complete. **Please bring the completed questionnaire with you to your appointment** to help the attorney prepare your will.
3. This clinic cannot serve people with large or complicated estates, or those who want to set up sophisticated trusts, those who have beneficiaries who are on needs-based assistance (such as a spouse or children on SSI, disability, or Medicaid) or those who would like to exclude their spouse from the will.

**We look forward to helping  
you plan for the future!**
